Career Objective

AI & ML undergraduate with hands-on experience in Artificial Intelligence, Machine Learning, and software development. Research Intern at NIT Warangal with a strong foundation in Python, Java, and AI/ML, seeking opportunities to apply technical skills to real-world problems.

Education

Lakireddy Bali Reddy College of Engineering Present
B.Tech in Computer Science and Engineering (AI & ML) CGPA: 7.82/10

Technical Skills

- **Programming Languages:** Python, Java, JavaScript
- **AI & ML:** Machine Learning, Deep Learning, Computer Vision
- **Web Development:** HTML, CSS, React, Node.js
- **Cloud & Backend:** Firebase, Cloud Technologies
- **Database:** MYSQL,SQL
- **Tools & IoT:** Git, GitHub, ESP8266, ESP32

Internship Experience

Research Intern – NIT Warangal

- Working on AI/ML research and intelligent sensing.
- Developing and evaluating deep learning models.

Data Science Intern – Placemantra

- Performed Exploratory Data Analysis (EDA) and data preprocessing.
- Developed and evaluated machine learning models for predictive analytics.

Projects

WiVision AI – WiFi-Based Human Activity Recognition **Ongoing**

- Developing an AI-based system for WiFi-based human activity recognition.

Face Morphing Attack Detection – Iris-Based Deepfake Detection System **Ongoing**

- Developing an iris-based deepfake detection system for detecting face morphing attacks.

Visitor Management System – QR-Based Visitor Management Platform

- Developed a QR-based visitor management platform for visitor registration and management.

Smart Home Automation – IoT-Based Home Control System

- Developed an IoT-based home automation system for controlling household devices using ESP8266/ESP32.

Certifications

- Google Cloud AI Certifications
- AWS Cloud Practitioner
- Cisco Cybersecurity and Python Essentials
- Infosys Springboard – HTML5 and CSS3
- Advanced Ethical Hacker

Achievements & Leadership

- Research Intern at NIT Warangal, contributing to AI/ML research and intelligent sensing projects.
